

# Season's Greetings!

After delivering the NETLIPSE project with the book 'Managing Large Infrastructure Projects' in Turin, in 2009 NETLIPSE will continue with its goals of promoting knowledge development and exchange on the management and organisation of large infrastructure projects in Europe and developing the Infrastructure Project Assessment Tool.

Thank you for your support in reaching these goals!

We wish you a wonderful holiday season and hope to meet you at the next Network Meeting in the Netherlands, **April 2009**.
